- 1. The Amendment after Final filed on February 23, 1998 has been entered.
- 2. Claims 1-12, 16, 28, and 31 are allowed.
- 3. The interlineations or cancellations made in the specification or amendments to the claims could lead to confusion and mistake during the issue and printing processes. Accordingly, the portion of the specification or claims as identified below is required to be rewritten before passing the case to issue. See 37 C.F.R. 1.125 and M.P.E.P. § 608.01(q).

The entire specification and all of the allowed claims are required to be rewritten.

- 4. Note that the substitute specification is required pursuant to 37 C.F.R. 1.125(a) because the number or nature of applicant's amendments render it difficult to consider the application or to arrange the papers for printing or copying. 37 C.F.R. 1.125. A substitute specification filed under 37 C.F.R. 1.125(a) must only contain subject matter from the original specification and any previously entered amendment under 37 C.F.R. 1.121. If the substitute specification contains additional subject matter not of record, the substitute specification must be filed under 37 C.F.R. 1.125(b) and must be accompanied by: 1) a statement that the substitute specification contains no new matter; and 2) a marked-up copy showing the amendments to be made via the substitute specification relative to the specification at the time the substitute specification is filed.
- The proposed drawing correction and/or the proposed substitute sheets of drawings, filed on July 22, 1997 and May 20, 1997 have been approved. Applicant is reminded that the Patent and Trademark Office no longer makes drawing changes and that it is applicant's responsibility to ensure

that the drawings are corrected in accordance with the instructions set forth in Paper No. 4, mailed on October 24, 1996.

- This application is in condition for allowance except for the following formal matters: a clean copy of the substitute specification and allowed claims is required. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213. A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
- Number is (703) 305-3597. Recognizing the fact that reducing cycle time in the processing and examination of patent applications will effectively increase a patent's term, it is to your benefit to submit responses by facsimile transmission whenever permissible. Such submission will place the response directly in our examining group's hands and will eliminate Post Office processing and delivery time as well as the PTO's mail room processing and delivery time. For a complete list of correspondence not permitted by facsimile transmission, see M.P.E.P. 502.01. In general, most responses and/or amendments not requiring a fee, as well as those requiring a fee but charging such fee to a deposit account, can be submitted by facsimile transmission. Responses requiring a fee which applicant is paying by check should not be submitting by facsimile transmission separately from the check. Responses submitted by facsimile transmission should include a Certificate of Transmission (M.P.E.P. 512). The following is an example of the format the certification might take:

I hereby certify that this correspondence is being facsimile transmitted to the Patent and
Trademark Office (Fax No. (703) 305-3597) on
(Date)
Typed or printed name of person signing this certificate:

Art Unit: 3622

If your response is submitted by facsimile transmission, you are hereby reminded that the original should be retained as evidence of authenticity (37 C.F.R. 1.4 and M.P.E.P. 502.02). Please do not separately mail the original or another copy unless required by the Patent and Trademark Office. Submission of the original response or a follow-up copy of the response after your response has been transmitted by facsimile will only cause further unnecessary delays in the processing of your application, duplicate responses where fees are charged to a deposit account may result in those fees being charged twice.
